Please note that most of these prayer focused books by Stormie Omartian are offered as (1) a book, (2) a study guide, and (3) a prayer book. The original book is the BEST purchase if you are looking for just ONE purchase. THIS book is the STUDY GUIDE. It does not contain any prayers or content from the actual book. It is ONLY a book of study questions to act as a companion to the original book. If you are in a study group, looking to lead one, or even if you just want to study more on your own, you want to purchase this in addition to the original book, the study questions make you think and evaluate your relationship with your spouse and focus on improving your prayer life. I highly recommend all of the books; just be aware of which one you are purchasing, each series uses the same cover art on all three books.
